Oh baby
My lady
You like what you're hearin' baby
What's going on
I've seen you around my way
A couple times
You must have just moved around
The way right
I see all the fellows have been
Pressing you for your number
I'd like to get to know you, so um....
Maybe we can spend some time and
Talk on the phone or something

I can think of many ways to say
I love you
And with those many ways there comes
A time
For me to say I'll put no girls
Before you
So pretty lady make up your mind

Girl you look surprised
I've got conversation
Cause you ain't checkin'
For the kids swing with no
Girl can't we please
Get past impressions
Cause what I feel for you
I swear is legit
Your girls tell you watch him
He's an entertainer (entertainer)
They say I'll hurt you and
Break your heart
(Your heart, your heart, but they)
But they don't now well well
Just what I'm feelin'
From the first time I saw you
I loved you from the very start

[Chorus]

I saw you 'round my way

And I had to meet you

But I've got to let you know
I'm just somebody (somebody)
(Who wants 2 care) who wants 2 care for you
With lots of love and patience
(For you yeah, yeah, yeah)
Sp please understand
Why I'm taking my time
I'm fallin' deeper and deeper and deeper
(Deeper, deeper, deeper) yeah baby
And I'm so glad
We had this conversation
Because girl, when it comes to you
There's no confusion
(Baby I ain't confused)
And I can't get it in your head (no)
And I'm having a fit

[Chorus]

(Young lady) young lady
I miss you in my life (yeah)
I'm on a mission
Just to please you right
(Oh yeah)
(Sweet lady) sweet sweet lady
Thought of no you cuts
Just like a knife
(Thought of no you cuts
Just like a knife)

(Girl I've learned)
Girl I've learned my lesson
No we can't let others in
Misery loves some company
They don't see it's from within
It's you for me and
Me for you
But first we must be friends (yeah)
I'll keep my love comin' and comin' and
Comin' babe
Girl we can win
Oh yeah
