[usher]Yo after tonight(remix)
Don't leave your girl around me
True playa fo' real
Ask my nigga Pharrell

(ludacris)
Man I'm a playa
girl you don't have to call
six g's in my socks so I have to ball
Luda
without words I let the beat break her
and hit the liquor store and them swisha sweet makers
yeah me and some frenni friend friends
close as the hair on my chinni chin chin
Imma be aiight
tonight we down south
I plan to get head sraight up like Alfalfa

(usher)
Situations will arise
In our lives
But U gotta to be smart about it
Cele-brations with the guys
I sacrificed
'Cause I knew U could not sleep without it
Meanwhile I...I...
I loved U
U were my girl
U see I...I...
Thought the world of U
But you're still steady leavin'

U don't have to call
It's okay girl
'Cause I'ma be alright tonight (2x)

(usher)
Aw girl your face is
Sayin' why
Tears in eyes
Should've been more smart about it

Should've cherished me
Listenin' to friends, now it's the end
And again
No story can end without it
Damn right...
I loved U
You were my girl
U see I...I...
Thought the world of U
But you're still steady leavin

U don't have to call
It's okay girl
'Cause I'mma be alright tonight(x2)

(usher)
Gonna boogie tonight
'Cause I'm honestly too young of a guy
To stay home
Waitin for love
So tonight
I'm gonna do what a single man does does does does

(ludacris)
Damn
what's with all the long faces
your wookin' po luv in all the wong pwaces
lets hit the club and girls will take a shirt off
if not for me for the Raspberry Smirnoff
then me and Ursher can knock em off
and we up and disappear like socks and drawers
A-Town
hit the block and get rowdy
we puttin' up a's like summa cum laude
yeah i graduated at the top of the class
and yeah i'll strap a harness to the top of your ass
and I told em before the parties don't stop
so like Ripley's
you believe it or not
and when you gon' realize I'm the best you had
now you sittin' at home
and You Got It Bad
ohhhhhhhh
imma get nice and move slow
so drink some prune juice
and let the shit go

(usher)
And that's party

U don't have to call

It's okay girl
I'mma be alright tonight (3x)

(usher)
Gonna boogie tonight
'Cause I'm honestly too young of a guy
To stay home
Waitin for love
So tonight I'm gonna do what a single man does
And that's party

U don't have to call
It's okay girl
'Cause I'mma be alright tonight (4x)
