(intro)

When you give it all
You get it all
Happened to you, yeah

(verse)

From the beginnin'
Knew what I was gettin'
But I was wit it
And I'll admit that
She was clear
There was some kind of pain it wouldn't be easy for me
to let it go
For my time I got money
But money don't buy time
I got her head
Somethin' got left behind
When the world is yours your sorriness is outta line
And in no time I had

(pre-chorus)

Money, clothes, fancy cars, big ol' cribs, platinum on
the wall,
seven grammy's, sold out concerts;
Damn, I been workin' hard
Private jets to France, many women;
I done had a ball
You could say I made it
But I'm faded

(chorus)

Cause I miss you
Can we go back
But the issue
Is time we can't get back
Nooo nooo
What happened to you, yeah
Come back
Cause I miss you
Can we go back
What happened to you
Youuuu ooh ohh
Doo doo doo doo
I'm happy for you
Youuuu ooh ohh

Ohh ohh
What happened to you
(verse)
Did what I wanted
Freaked all the honeys
I stayed on they mind
Mine was on the money
Had whatever... whenever
Heartthrob forever
Black, young and clever
When you give it all
You get it all
Love would be the only reason to look back
And once you turn it on
You can't turn it off
Heh, but picture me complainin' wit all this
(pre-chorus)
Money, clothes, fancy cars, big ol' cribs, platinum on
the wall,
seven grammy's, sold out concerts;
Damn, I been workin' hard
Private jets to France, many women;
I done had a ball
You could say I made it
But I'm faded

(I miss you)
(chorus)
Cause I miss you
Can we go back
(one too many, one too many girls)
But the issue
Is time we can't get back
(The time we can't get it back, no)
What happened to you, yeah
(what happened to you)
Come back
(oh baby, ohh)
Cause I miss you (you)
Can we go back (hey)
What happened to you
Youuuu ooh ohh
Youuu
I'm happy for you
Youuuu ooh ohh
Ohh ohh
What happened to you
(bridge)
What sense does it make to have everything
And nothing
At the same time

Where are you
I need you, yeah
I'm lookin' for you
Girl come and share all this
(pre-chorus)
Money, clothes, fancy cars, big ol' cribs, platinum on
the wall,
seven grammy's, sold out concerts;
Damn, I been workin' hard
Private jets to France, many women;
I done had a ball
You could say I made it
But I'm faded
(I)
(chorus)
Cause I miss you
Can we go back
(one too many, two at a time)
But the issue (yeah)
Is time we can't get back
(Time we can't get back now)
What happened to you, yeah (yeah)
Would you come back
(oh baby, yeah)
Cause I miss you
Can we go back (hey)
What happened to you
Youuuu ooh ohh
Youuu
I'm happy for you
Youuuu ooh ohh
(wherever you are ohh
wherever you are
wherever you are... girl
wherever you are
wherever you are... girl
wherever you are)
Things change in time
You're still the same old you
I miss you
