Ohh Ohh Ohhh Oohhh
Ohh Ohh Ohhh

Yeah

Listen

I'd be a liar if I told you
That I didn't see it comin'
I'd be more of a liar if I said:
Hey, I didn't want it to be something.

You deserve much better
For the love that you have shared
I know u won't believe it
But girl I swear

That I got love for you,
Big love for you,
Even when I'm trippin',
The fact remains that you
Will always be my baby, my baby

But dig the truth,
Baby dig the truth
I can't hide my feelings

Especially when the whole world can see

That my heart
Is in two different places:

I got you in my life
And I wanna do right
But it's hard to let it go

When my love has two different faces
And I can't break ties
'cause they both look right.
Someone tell me

What's a man to do

When he's loving two.
And he don't wanna lie
But he can't tell the truth

What's a man to do
When he's loving two.
But he can't keep his heart
In two different places
(in two different places)

I know you feel it
'Cause you stayed
There is much more to the story

But I'd be a fool to say
I trust that I'm always gonna love her

You know that you don't wanna hear
How I'm livin' on the edge, baby
So I just say "YEAH, BABY"

She ain't nothing,
But she is real
But why I take her through it

When I still got love for you,
Big love for you
Even when I'm trippin',
The fact remains that you
Will always be my baby, my baby

But dig the truth,
Baby dig the truth
I can't hide my feelings
Especially when the whole world can see

That my heart is in two different places:

I got you in my life
And I wanna do right
But it's hard to let it go

When my love has two different faces
And I can't break ties cause they both look right.

Someone tell me

What's a man to do
When he's loving two.
And he don't wanna lie
But he can't tell the truth

What's a man to do
When he's loving two.
But he can't keep his heart
In two different places
(not in two different places)

I wanna tell you it's over
And that I ain't thinkin' of her
I wanna really mean it
And I want you to see it
That I really try to leave her behind
And I'm tryin' not to make you cry
I wanna tell you
That I ain't playin' games
And I'm dedicated
To receive a change but
When I look in the mirror
It's the same old me

That my heart
Is in two different places:

I got you in my life
And I wanna do right
But it's hard to let it go

When my love has two different faces
And I can't break ties
Cause they both look right.
Someone tell me

What's a man to do
When he's loving two.
And he don't wanna lie (wanna lie)
But he can't tell the truth

What's a man to do
When he's loving two.
But he can't keep his heart
In two different places
(not in two different places)
Not in two different places.
