So i'm looking around

And there you are; your just smiling at me girl

And what have I found; something from the stars

So what will happen; what will be

Yeah yeah yeah

(In life we make decisions about love)

Some are right some are wrong

(So make sure its what you can live with)

Let me ask you something and stop going on and on

Whats a guy gotta do

To come home with you

Your his wife worth more value than what he owns

Whats a guy gotta do

To prove your love is his

Verse 2:

So I dont know your name

But your so beautiful

Its a chance I gotta take yeaah

See there are no consciencedenses in this world

When the music gets involved

(aah ahh)

And you cant seem to let go

(ahh)

And then the passion
(the passion)
Causes a reaction
(a reaction)
And your body loses control
Things starts to get swilly

Wanting to remove your clothes

Its that feeling
That feeling in your soul yeeah
Its called love
And its a magic ride
C'mon and ride...
Hey, this is not a love song
Whats a guy gotta do

Whats a guy gotta do
Whats a guy gotta do
Whats a guy gotta do
Whats a guy gotta do
Whats a guy gotta do
