Can you help me?
Anybody out there help me
Please can you help me?

Excuse me mister, I fell on hard times, I need some
help
But don't need a dime, don't earn a way, I'll wash your
clothes
If you let me stay, find your revoke,
Day after day, people walk by, I can't catch their eyes
I Pull out my sign,

It says:
Will work for love
I will [3x] I'll work for love, overtime
Baby, it says will work for love
I will [3x] I'll work for love, for all my life
I will work for love

Can you help me? (help me)
Anybody out there help me (does anybody out there)
Please can you help me?

Excuse me you two, got love to spare?
Search my whole heart, it ain't none in there
What meets a star, I'm on my last
Don't have no love, that's cause he got placed

Day after day people walk by, I can't catch their eyes

I Pull out my sign, it says:
Will work for love
I will [3x] I'll work for love, overtime
Baby, it says will work for love
I will [3x] I'll work for love, for all my life
I will work for love

It says:
Will work for love
I will [3x] I'll work for love, overtime
Baby, it says will work for love
I will [3x] I'll work for love, for all my life

I will work for love

I remember the day I lost my heart (hey yeah)
Took it for granted I went to far
Fall down, cried and to feel that love again
I Hold on this sign till the very end
Do anything

I will [3x] I'll work for love, overtime
Baby, it says will work for love
I will [3x] I'll work for love, for all my life
I will work for love
