[Timbaland]

Uh, uh-uh, can you feel me?

Uh, say what? Say what

Uh, uh-uh, can you feel me?

Usher

[1 - Usher]

You make me wanna leave the one I'm with

Start a new relationship with you

This is what you do

Think about her and all the things it come along with

You make me

You make me wanna leave the one I'm with

Start a new relationship with you

This is what you do

Think about her and all the things it come along with

You make me, you make me

[Usher]

Before anything began between us

You were like my best friend

The one I used to run and talk to

When me and my girl was having problems

You used to say it'll be OK

Suggest little nice things I should do

And when I go home at night and lay my head down

All I seem to think about was you

And how

[Repeat 1]

[Usher]

Now what's bad is you're the one that hooked us up

Knowing it should have been you

What's sad is that I love her but I'm falling for you

What should I do?

Should I tell my baby bye-bye?

Should I do exactly what I feel inside?

Cuz I, I don't wanna go, don't need to stay

But I really need to get it together

[Repeat 1]

[Timbaland]

Baby it's kind of honey  
How you make me feel  
I've been with your friend for about five years (five  
years)  
I never thought that I would change my decision (uh-  
huh)  
I wanna kiss you and hold your hand with your  
permission  
(Uh-huh)  
Honey got me twisted in the head like a cuckoo clock  
Trying not to look  
But I, but I, but I can't stop  
What can I say? I wanna be with you  
Usher bring in the hook, I'm out dude what?

[Repeat 1]

Ooh you're making me  
You're making me, you're make me  
Oh you make me-

[Repeat 1]

Leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and all the things it come along with  
You make me, you make me [Repeat 1 till end]
