I've been waiting all this time for you and I,  
And everything I want to do I have in mind.  
Girl you're so hot you burn everything inside,  
You're so fire.  
I can't wait.  
I can show you what this means,  
Feed you slow and make you feen.  
You're so hot, you burn a hole in my dreams,  
You're so fire.  
You're so fire.

In the middle of the night,  
Get so lonely.  
Nothing but these pillows and bedsheets,  
Need you next to me.  
I have visions in my mind,  
Of you on me.  
Of the better things, the wetter things,  
You know what I mean, yeah.

I've been waiting all this time for you and I,  
And everything I want to do I have in mind.  
Girl you're so hot you burn everything inside,  
You're so fire.  
I can't wait.  
I can show you what this means,  
Feed you slow and make you feen.  
You're so hot, you burn a hole in my dreams,  
You're so fire.  
You're so fire.

You think I'm selling what I buy,  
But you're tasty.  
You make my body heat up,  
You're human ecstasy.  
It's a sexy lullaby to you from me.  
It gets so deep, I've been so deep,  
Til we fall asleep!

I've been waiting all this time for you and I,  
And everything I want to do I have in mind.

Girl you're so hot you burn everything inside,  
You're so fire, baby.  
You're so fire!  
I can't wait.  
I can show you what this means,  
Feed you slow and make you feen.  
You're so hot, you burn a hole in my dreams,  
You're so fire.  
You're so fire.

It's okay to say that what we're doing is dangerous.  
Love, sex, passion, heating, you are creaming.  
Hotter than sexy motion pictures,  
Walls sweating, bodies steaming.

I can't wait.  
I can show you what this means,  
Feed you slow and make you feen.  
You're so hot, you burn a hole in my dreams,  
You're so fire.  
You're so fire.

You're so hot, it's good to me.  
Set me on fire, what you're doing to me
