Yo, I ain't seeing you in a minute  
But I got something to tell ya, listen

See the thing about you that caught my eye  
Is the same thing that makes me change my mind  
Kinda hard to explain but girl, I'll try  
You need to sit down, this may take a while

See this girl, she sorta looks just like you  
She even smiles just the way you do  
So innocent she seemed but I was fooled  
I'm reminded when I look at you

U remind of a girl that I once knew  
See her face whenever I, I look at you  
You won't believe all of the things that she put me  
through  
This is why I just can't get with you

Thought that she was the one for me  
'Til I found out she was on her dream  
Oh, she was sexing everyone but me  
This is why we could never be

U remind of a girl that I once knew  
See her face whenever I, I look at you  
You won't believe all of the things that she put me  
through  
This is why I just can't get with you

I know it's so unfair to you  
But I'd be lingering the rest to you  
Wish I knew, wish I knew how to separate the two  
U remind me, whoa

U remind of a girl that I once knew  
See her face whenever I, I look at you  
You won't believe all of the things that she put me  
through  
This is why I just can't get with you

U remind of a girl that I once knew

See her face whenever I, I look at you  
You won't believe all of the things that she put me  
through  
This is why I just can't get with you
