I gotcha  
I'll be right here  
You listen

Come stop your crying, it will be alright  
Just take my hand, hold it tight, now  
I will protect you from, all around you  
I will be here don't you cry

For one so small  
You seem so strong  
Now my arms will hold you  
Keep you safe and warm

This bond between us  
Can't be broken  
So I'm gonna be here don't you cry  
'Cuz

You'll be in my heart  
You'll be in my heart  
From this day on  
Now and forever more  
(For more, na na na na, ha ha, come on, yeah)

Why can't they understand the way we feel  
They just don't trust what they cant explain  
I know we're different but deep inside us  
We're not that different at all

(You'll)  
You'll be in my heart  
See you'll be in my heart  
(From this day)  
From this day on  
(Ohh)  
Now and forever more  
(Forever more)  
From this day on forever more, you'll be

You'll be in my heart  
No matter what they say

You'll be, you'll be right here in my heart  
(Always)  
Always  
(Always, always, always)

Don't listen to them 'cuz what do they know?  
We need each other to have, to hold  
They'll see in time  
I know we'll show them together

(You'll be)  
You'll be in my heart  
(In my heart)  
(I'll always be there)  
You'll be in my heart  
(You know that)  
From this day on  
Now and forever more

(You'll)  
You'll be in my heart  
No matter what they say  
(No matter, no matter what they say, ooh)  
You'll be right here in my heart  
(No matter, oh no matter, always)  
Always  
(Always, always)

Just look over your shoulder  
(You listen, no matter what they say no no, look over  
your shoulder, yeah)  
Just look over your shoulder  
(I'll be right here, I gotcha, I'll always be there)  
Just look over your shoulder  
(I'll be right there)

I'll always be there  
(Now that I gotcha)  
(No matter what they say)  
Just look over your shoulder  
(No no no no no no no no no no no no no no no no)  
(No matter what, no matter what, no)

Just look over your shoulder  
(No matter what they say, no no hey yey yey, hey ha)  
Just look over your shoulder
