(Mike Muggy/Cecil Muggy)
Creeps into your heart
Steals into your mind
Rapes your very soul
And leaves your spirit blind
Doesn't use a gun (nnno)
Don't need a knife
You're a three time loser you do
Twenty years to life
Oh twenty years. . .
Oh twenty years
Ha ha ha ha ha ha ha
Walked to your window
I could see you felt the pain(e)
But there's nobody out there
It's only in your brain
Take all you can (nnno)
Got to give it in return
Spend all your time
But you know time it burns
You walk around It's time to say good-bye, yeah
Sooner or later
You'll meet your maker
And don't forget to tell her
Bad friend of mine creepin' through my. . .
Bad friend of mine creepin' through my. . .
You're a Bad friend of mine creepin' through my. . .
Bad friend of mine creepin' through my. . .
You're a Bad friend of mine creepin' through my. . .
You're a Bad friend of mine creepin' through my. . .
