And i know that he's there
And i know he's there [x2]
You're wide awake brad
Wide awake brad
And i know that he's there
And i know he's there [x2]
Oh yeah

Wake up bradley, wake up
We could think about a little much gusto
Wake up bradley, wake up
Because it's all i got now
Wake up bradley, wake up
'cause it's all i got

And i know that he's there
And i know he's there [x2]
You're wide awake brad
Wide awake brad
And i know that he's there
And i know he's there [x2]

Wake up bradley, wake up
We could think about a little much gusto
Wake up bradley, wake up
Its all i got now
Wake up bradley, wake up
Its all i got

Wake up wake up bradley [x5]
