Yes
Malfunction
Error
Overload

I'm so open
What is your command?
I'm so froze
I need a fan
What you do
Sends chills through my system
Push these buttons
Just the way you like
Oh

[CHORUS]
Overload overload (error)
Overload overload (malfunction)
Overload overload (error)
Overload overload (can-not compute)
Overload overload (error)
Overload overload (malfunction)
Overload overload (error)
Overload overload (can-not compute)

Do your hack
To free my mind
Stroke each key
Come inside
The things you do
Sends heat through my circuits
Your name is perfect
You know I work it

[CHORUS]
Overload overload (error)
Overload overload (malfunction)
Overload overload (error)
Overload overload (can-not compute)
Overload overload (error)
Overload overload (malfunction)

Overload overload (error)
Overload overload (can-not compute)

I'm crashing
I'm burning
I'm crashing
I'm yearning
For you

Ahh the way you make me feel
Just can't resist

[Chorus till fade]
