You make me feel like  
A shooting star  
You make me feel like  
A porno star  
You hold me closer still  
When I get paranoid  
You give your hand to hold  
When I lose control

You're like my compass and  
We always find our way  
You bring your smile and wipe  
Away my shitty day  
This sudden alchemy  
Has got me holding on  
Stand-by auxiliary  
Signals holding strong

You make me so content  
With everything I am  
You bring me up and in  
When I'm down and out  
Heroine of confidence  
When I'm strung out on doubt  
If I'm not making sense  
You spit the riddles out

You're like my compass and  
We always find our way  
You bring your smile and wipe  
Away my shitty day  
This sudden alchemy  
Has got me holding on  
Stand-by auxiliary  
Signals holding strong

You're so my everyday  
You're so my sweetest love  
You're so the greatest change  
I'm always dreaming of

You're like my compass and  
We always find our way  
You bring your smile and wipe  
Away my shitty day  
This sudden alchemy  
Has got me holding on  
Stand-by auxiliary  
Signals holding strong
