Horses are bridled and waiting, we ride the morning  
light...  
Tracks of the creatures to follow: The path of exotic  
life...  
The waters and the crossing await us only hours away...  
Wish I could take you along, Amazonas, to discover  
secrets untold...  
Hesitantly we are sailing  
There're rumours of a sudden attack... Always ready...  
Stories of grave misadventure  
The darkness striking back... Four months of deadly  
living  
No guarantee we will return  
Wish I could take you along, Amazonas, to discover  
secrets untold...  
The waters and the crossing await us only hours away...  
Four months of deadly living  
No guarantee we will return  
Horses are bridled and waiting, we ride the morning  
light...  
Tracks of the creatures to follow: The path of exotic  
life...  
The waters and the crossing await us... Amazonas!!

Voces, lamentos tribales  
Nostalgia de un cierto mar... Bonjour BambÃ©

Manuel abre el sendero  
Me dice "There's no way back"... Bonjour BambÃ©

Y conosco estas historias  
Que destrozarÃ¡n mi cuerpo... Oh no!

Wish I could take you along, Amazonas, to discover  
secrets untold...  
Oh Oh...  
Wish I could take you along, Amazonas, to discover  
secrets untold...  
Oh Oh...

Fiebre y delirio me acechan

LamiÃ©ndome la humedad... Bonjour BambÃ©

Oigo una bestia que aÃ©lla  
No quiero mirar atrÃ©is... Bonjour BambÃ©

Y detesto los excesos  
Que castigan mente y nervios... No!

Wish I could take you along, Amazonas, to discover  
secrets untold...  
Oh Oh...  
Wish I could take you along, Amazonas, to discover  
secrets untold...  
Oh Oh...

Bonjour BambÃ©... Bonjour BambÃ©...  
Bonjour BambÃ©... Bonjour BambÃ©...

Y conosco estas historias  
Que destrozarÃ©n mi cuerpo.  
Y detesto los excesos  
Que castigan mente y nervios... No!

Wish I could take you along, Amazonas, to discover  
secrets untold...  
Oh Oh...  
Wish I could take you along, Amazonas, to discover  
secrets untold...  
Oh Oh...

Wish I could take you along, Amazonas, to discover  
secrets untold...  
Oh Oh...  
Wish I could take you along, Amazonas, to discover  
secrets untold...  
Oh Oh...
