Land of Eire-Age of unrule  
The waves break-Horrors emerge  
Children of the kingdom of Bile  
No armies shall reach these shores!

Malformed clan of monsters and atrocities  
Crush their fucking warships and slaughter invading  
kings  
The lethal gaze of Balor,Ye of the baleful eye  
Lead our wretched legions,for victory is nigh!

Rising! Up from the sea-conquer the free-usurp the  
throne FOMORII  
Dwell!Below the lakes-the isle to take-under his eye  
FOMORII

The Firbolg advance-battle horns sound  
Humans shall perish-bones washed aground  
Conquery and bloodshed-victorious horde  
None shall kneel to Morrigan's sword!

Demonic kingdom ruled by the evil giant  
Maniacal tyrant that feasts upon fright  
The lethal gaze of Balor,Ye of the baleful eye  
Lead our wretched legions,for victory is nigh!

Rising! Up from the sea-conquer the free-usurp the  
throne FOMORII  
Dwell!Below the lakes-the isle to take-under his eye  
FOMORII

Kneel!Pray for your lives-all man shall die-sent to your  
graves FOMORII  
Death!The only escape-from the horrid shapes-crown  
of the gods FOMORII

Conquest of the grotesque  
Conquest of the grotesque

(narrative):We are Fomorii  
In the name of Balor,we rise from the sea  
Tyrannical forces enslave

With crushing tributes and cruelty

Blood! Staining the sand-defend the land-destroy them  
all FOMORII

Reign!Eternally rule-the kingship of cruel-Balor my  
god! FOMORII

Conquest of the grotesque
