Everybody wants me to be their angel
Everybody wants something they can cradle, oh
They don't know I burn
They don't know I burn
They don't know I burn
They don't know I burn

Maybe there's a devil or something like it inside
Maybe there's a devil or something like it inside of me
Devil or something like it inside
Maybe there's a devil somewhere really deep inside
me
Devil inside of me
Jealous angel deep inside me

You don't know 'cuz you're too busy reading labels
You're missing all the action underneath my table
I'm waiting for my turn
Waiting for my turn
Just waiting for my turn
Just waiting for my turn

Maybe there's a devil or something like it inside
Maybe there's a devil or something like it inside of me
Devil or something like it inside
Maybe there's a devil somewhere really deep inside
me
Devil inside of me
Jealous angel deep inside me

Time to make it burn
This is how I burn

Maybe there's a devil or something like it inside
Maybe there's a devil or something like it inside of me
Devil or something like it inside
Maybe there's a devil somewhere really deep inside
me
Devil inside of me
Jealous angel deep inside me
