[backing vocals by SIR PROSCRIPTOR McGOVERN]

Cosmic secrets open
Of matter,space,and time
Misery and war
Is the father of invention

Invisible,whirlwinds of steel
Deathstrike!...Electric camouflage

*FULL METAL MAELSTROM!

Experiment in fear
Dimension depths unknown
Forcefields of stealth
Bring insanity and death

*Invisible,whirlwinds of steel
Deathstrike!...Electric camouflage

*FULL METAL MAELSTROM!

Invisibilty
The ultimate disguise
Metal and flesh conjoin
The living envy the dead

*Invisible,whirlwinds of steel
Deathstrike!...Electric camouflage

*FULL METAL MAELSTROM!
