Arising from an electric Hell
Usurper casts the decibel spell
Annihilation of the false and weak
Metal shall inherit-death to the meek!

On a mission of vengeance
In the name of metal
Drinking, thrashing, slaying
For the glory of metal

Your fate is worse than death
Surpassed by your rivals

KILL KILL KILL
KILL KILL KILL FOR METAL

Bringing the demise of this mainstream shit
Skulls will be broken, throats will be slit
Shitting on the posers, making them pay
Bringing back the true metal ways

On a mission of vengeance
In the name of metal
Drinking, thrashing, slaying
For the glory of metal
Booze, drugs, whores
Taught by the masters

KILL KILL KILL
KILL KILL KILL FOR METAL
Attack!!!
