Welcome to your death  
For it is the time you die  
Feel my wolveren claws  
Stare into my empty eyes  
Welcome to your torment...  
My ecstasy - your pain  
Hypnosis... luring prey  
The wrath of Hades flame

[Chorus:]  
Lurking... waiting  
I am the shadowfiend  
Torment... obsession  
I am the shadowfiend

Welcome to the darkness  
Pain is what I give  
See me salivating  
You won't have long to live  
Welcome to my violence  
Pleasure creating death  
Fetish with the dying  
The children's blood upon my breath

[Chorus]

[Solo: Scythe]

I am your worst nightmare  
Your fear adds to my strength  
Appearing from the darkness  
My claws sink into your flesh  
Crimson rivers soon are drained  
My jagged teeth are stained red  
Rip out your heart, I drink your blood  
Their bodies ripped to shreds...

[Chorus]
