Eyes of fire  
Born in blasphemy  
Evil I desire  
For I am prophecy  
Tenebrous shape shifter  
In tongues I have spoken  
Claws of the feline  
Elusive as smoke

SLAUGHTERSTORM  
SLAUGHTERSTORM  
SLAUGHTERSTORM  
SLAUGHTERSTORM ON SHEEPS HILL

Guns they fire  
With dogs of war they track the blood  
I assume the shape  
Of fire, water, air and mud  
Obscure are my ways  
To destroy the flocks of weak  
Demonic transformation  
A wolf amongst human sheep

(repeat chorus)

I am the fiend born of demonic seed  
Into your world made flesh  
Elemental drone from dimensions unknown  
For I am the storm of death  
C'mon winds of hate  
As I assume the shape  
For I'm at one with the night  
I'm the air you breath in  
I'm unholy water of sin  
I'm the earth  
I'm the fire you light

Beyond all realms of time  
For I am the essence of all evil

Electromagnetic winds  
Manifest into a beating heart

The breath of six hundred and sixty-six lost souls  
The weak human race is my clay!
