In 1938

In the southern part of the nation

A plague of murders arose

From a mysterious apparition

For earlier that year

A man found his infidel wife

Took a chain around her neck

Then took his own life

Murderous winds

Adulterous copulation

Dead man's curse

Suicide an strangulation

A young man mocks my tomb

"I curse ye,mortal fuck!"

Spectral winds guide your path

The chain link grips your neck

His mother knows my curse

Blaspheme thy name

Desecrates with axe in hand

The marker of my grave

I killed that fucking whore

And many townsmen after her

Let this dead man rest

Or endure my murderous plague

Supernatural killing spree!!!

Supernatural killing spree!!!

Supernatural killing spree!!!
