Tell me what is on your mind  
Help me because I'd like to know  
What the hell is going on  
Never thought I'd sing this song

Lets not get started with  
The he said she said  
Sometimes it just doesn't go as planned (x2)

Started out so simple and innocent  
So simple and innocent (x3)

Chemistry like apple and cinnamon  
Like apple and cinnamon (x3)

I can't believe that you and me were falling out of love  
And everybody used to be so envious of us

Chemistry like apple and cinnamon  
What we had was just to good, good to last

Happiness don't last that long  
What we had was beautiful

Lets not get started with  
The he said she said  
Sometimes it just doesn't go as planned (x2)

Started out so simple and innocent  
So simple and innocent (x3)

Chemistry like apple and cinnamon  
Like apple and cinnamon (x3)  
I can't believe that you and me were falling out of love  
And everybody used to be so envious of us

Chemistry like apple and cinnamon  
What we had was just to good, good to last

Please don't look at me like that  
Please don't look at me, don't look at me like that  
You can't look at me like that

Please don't look at me, don't look at me like that

I can't believe that you and me were falling out of love  
And everybody used to be so envious of us

Chemistry like apple and cinnamon  
What we had was just too good

Started out so simple and innocent  
So simple and innocent(x3)

Chemistry like apple and cinnamon  
Like apple and cinnamon (x3)

I can't believe that you and me were falling out of love  
And everybody used to be so envious of us

Chemistry like apple and cinnamon  
What we had was just too good, good to last
