Artist: UTFO

Album: UTFO

Song: Roxanne, Roxanne

[Kangol]

Yo EMD

[EMD]

Yeah, what's up man?

[Kangol]

There goes that girl they call Roxanne. She's all stuck up

[EMD]

Why you say that?

[Kangol]

Cause she wouldn't give a guy like me no rap

She was walking down the street so I said "Hello

I'm Kangol from UTFO." And she said "So?"

And I said "So?!? Baby don't you know?

I can sing, rap, and dance in just one show

Cause I'm Kangol, Mr. Sophisticata

As far as I'm concerned ain't nobody greater

From beginning to end and, to beginning

I never lose because I'm all about winning

But if I were to lose, I wouldn't be upset

Cause I'm not a gambler, I don't bet

I don't be in no casino, and baby while you knizzow

The izzi is the grizzeat Kizzangizzo."

I thought she'd be impress by my devious rap

I thought I had her caught cause I'm a sinister trap

I thought it'd be a piece of cake but it was nothing like

that

I guess that's what I get for thinking, ain't that right,

black?

Then crizzi to gizzone and seen number izzone

Crizzin ricking tizza of mizzac mic dizza

With the bang bang, brother I feel bad

But I ain't committing suicide for no crab

But calling her a crab is just a figure of speech

Cause she's an apple, a pear, a plum, and a peach

I thought I had it in the palm of my hand

But man oh man, if I was grand I'd bang Roxanne

Chorus:

Roxanne, Roxanne, can't you understand?

Roxanne, Roxanne, I wanna be your man

[EMD]

You Kango, I don't think that you're dense  
Buy you went about the matter with no experience  
You should know, she doesn't need a guy like you  
She needs a guy like me, with a high IQ  
And she'll take to my rap, cause my rap's the best  
The educated rapper MD will never fess  
So when I met her, I wasted no time  
But stuck up Roxanne paid me no mind  
She thought my name was Barry, I told her it was Gary  
She said she didn't like it so she chose to call me Barry  
She said she'd love to marry, my baby she would carry  
And if she had a baby, she'd name the baby Harry  
Her mother's name is Baby, which is really quite  
contrary  
Her face is really hairy, and you can say it's scary  
So isn't not every, her father's a fairy  
His job is secondary, in some military  
He throws them to an ?electric camp? that wasn't  
voluntary  
His daughter's name is Sherry, his sons are Tom and  
Jerry  
Jerry had the flu but it was only temporary  
Back in January, or was it February?  
But everytime I say this rhyme it makes me kinda weary  
It's only customary to give this commentary  
Some say it's bad, some say it's legendary  
You can search all you want, try your local library  
You'll never find a rhyme like this in any dictionary  
But do you know, after all that  
All I received was a pat on the back  
That's what you get, it happened to me  
Ain't that right Mixmaster I-C-E

Chorus

[Kangol]

You thought you had a rose, you thought you was  
Cupid  
But EMD, your rap was plain stupid  
I know you're educated, but when will you learn?  
Not all girls want to be involved with bookworms  
You gotta be strong in a way she can't resist  
So educated rapper, huh, bust this...  
Since she's a new girl on the block  
I had to let her know that I'm the debonair Doc  
I said "I'd like to speak to you if I can  
And if I'm correct your name is Roxanne."  
She said "How'd you know my name?" I said "It's  
getting around.  
Right now baby you're the talk of the town  
Please let me walk you to the corner, my rap will be  
brief."

She said "I've seen you before, you look like a thief."  
I said "Me? The Doc? A hood, a rock?  
Running around the street robbing people on the block?  
Nah, that's not my style, that crime I'm not related  
As far as I'm concerned I'm too sophisticated."  
Then it seemed I got busy cause she cracked a smile  
That let me know my rap was worth her while  
She said "You call yourself a doctor?" I said "This is  
true."  
She said "Explain to me really what doctors must do."  
I said "This is very rare because I don't say this every  
day  
There's a million medical skills a doctor displays  
Dermatology is treatment of the skin  
Infected and you'll see me and you'll know you're again  
There's enthesiology, ophthomology  
Internal medicine and plastic surgery  
Orpedic surgery and pathology  
A disease involves a change of the body."  
She said "Ooooh, that's very unique."  
Gave me her number and kissed me on the cheek  
She said she had to go but be back by 8  
So to call her at 9 to arrange a date  
[EMD]  
Did you take her to the beach?  
[Kangol]  
That's what we planned  
But she stood me up, Roxanne, Roxanne  
Chorus  
[Kangol]  
And here's our gameplan  
[EMD]  
The beat is here, so we will reveal it  
[Kangol & EMD]  
And if you think it's soft, then Roxanne feel it!  
[beat boxing and scratching]
