In Misery I Dwell

Searching for supreme, cure to my misery  
Stare down as I vanish, down the depths where doom....  
Breeds...  
My existence slowly fades, as I drown in my grief  
I pray to gods of the mind, please end this life of mine

Non existing pain, unleashed upon my soul  
I panic my life is forgiven, leave me to die alone  
My inner fear brought before me, I pray my life will  
end,  
Lost souls I hear them laughing  
Calling out: "Rid this god you sent..."

[Chorus]  
In misery I dwell, far beyond the point of life  
I beg you end my existence, I kneel before the god I  
strive...

Leave my life - forever blind  
In the tomb I see - my misery

Make my life, an endless journey...

Searching for supreme, cure to my misery  
Stare down as I vanish, down the depths where doom....  
Breeds  
My existence slowly fades, as I drown in my grief  
I pray to gods of the mind, please end this life of  
mine...

Calling out: "Rid this god you sent..."

[Lead: Steffan]

The realm is all that remains  
Between me and my dying dreams  
Inside I search for the domain  
That might hear my pleas  
You sing at my funeral as I lie In the ground deceased  
Eternal misery I finally unleashed

[Lead: Dennis]

Take me there - show me the way

[Lead: Dennis]

My eyes they stare - alone I wither away

In misery I dwell, far beyond the point of life  
I beg you end my existence, I kneel before the god I  
strive

In misery I forever.... dwell...

Rotting - I leave this world  
I won't return - I'll remain in your minds...
