Never quite understanding, I'm  
Never quite comprehending  
I feel the same for you and all those fucked up things  
you do  
I feel the same for you, I'm uninspired

Gathering arms for chameleon wars  
In the end you're just adulation whores

Time for you medication  
I battle small town frustration  
I want the same for you and all those fucked up things  
you do  
I want the same for you, I'm uninspired

Gathering arms for chameleon wars  
In the end you're just adulation whores

Feel the same way, as I did yesterday  
Feel the same way, as I did yesterday

Gathering arms for chameleon wars  
In the end you're just adulation whores

Chameleon, Chameleon, Chameleon, Chameleon
