All the lemonade I've made
Filling oceans, making waves
Don't really seem that strange
All the scenery has changed
Those precious little things
Disappearing day by day

So how's it going
And are you feeling well
The Karma's coming
It's catching up with you

So now, have you redeemed yourself
The faster the empty feeling goes away
So now, did you redeem yourself
The quicker the empty feeling goes

Sailing on the seas of rage
Still dizzy from the haze
Denial shows it's face
Darkness always permeates
I'm cleaning up the stains
A sin-o-matic maze

So how's it going
And are you feeling well
The Karma's coming
It's catching up with you

So now, have you redeemed yourself
The faster the empty feeling goes away
So now, did you redeem yourself
The quicker the empty feeling goes

The cup is overflowing
And the yellow's not quite mellow

So now, have you redeemed yourself
The faster the empty feeling goes away
So now, did you redeem yourself
The quicker the empty feeling goes
