Although it seems ok.
Never really goes away.
The damage is done.
Always turns the color grey.

No closure's here.
Floating in the air.
No answers there.
It all just disappeared.

And I wanted to.
Needed to be.
Every little thing you never were.

As the ground breaks.
There's still signs of disbelief.
And the sound it makes.
Is just short of deafening.

Let it go.
Let it go.

The master plan of shame.
Can not change the things to come.
The fingers of blame.
Break them all off one-by-one.

An empty shell.
Searching for a soul.
The camera's there.
Emotional overload.

And I wanted to.
Needed to be.
Every little thing you never were.
Every little thing you never were.

As the ground breaks.
There's still signs of disbelief.
And the sound it makes.
Is just short of deafening.

Let it go.
Let it go.
Let it go.
Let it go.
