Yes I would like to  
Yes if you want to  
Yes that would be nice  
Anything that you do.

Make me believe all that you give is you.

Show me the heart  
Show me the soul  
Show me the way  
For me to make you whole.  
Woman and man, since time began, uh-hu.

I know that this is just begining to grow  
But it could last a life time.

All that you want, all that you need  
Everything and everywhere I'll be there for you.  
All the tears you'll cry, all for you and I.  
Allways and ever I will be there for you ya-

Love can be happy  
Love can be cruel  
Love can be selfish  
Forgive me I'm a fool  
Make me believe that love love love love  
Love is cool.

Kiss me good-morning  
Kiss me good-night  
Kiss me all over  
Kiss me kiss me till it's right.  
Secrets unfold so precious to behold.

True love may not be the answer to give  
But I won't stop trying.

All that you want, all that you need  
Everything and everywhere I'll be there for you.  
All the tears you'll cry, all for you and I.  
Allways and ever I will be there for you ya-

Sometimes we never know  
If letting go will end in tears.  
You have to trust yourself.

All that you want, all that you need  
Everything and everywhere I'll be there for you.  
All the tears you'll cry, all for you and I.  
Allways and ever I will be there for you

All that you want, all that you need  
Everything and everywhere I'll be there for you.  
All the tears you'll cry, all for you and I.  
Allways and ever I will be there for you ya-

Be there for you yeah

Be there for you yeah
