this grey room  
this bunker  
the air is humming  
us to sleep

while outside  
the city hurry  
the endless worry  
is out of reach

promise me you'll never leave this room  
a million years from now would be too soon

the world is spinning turning day to night  
and my thoughts are running at the speed of light  
got an empty feeling that I never want to fill  
absolutely still  
i waited longer cuz i needed proof  
that every door i shut's leading me to you  
and there's a nervous feeling that i never want to kill  
absolutely still

we were running  
from the same noise  
we were stuck in  
the same pursuit

now the door's locked  
I find that  
the dizzy madness  
is bleeding thru

promise me you'll never leave this room  
a million years from now would be too soon

the world is spinning turning day to night  
and my thoughts are running at the speed of light  
got an empty feeling that I never want to fill  
absolutely still  
i waited longer cuz i needed proof  
that every door i shut's leading me to you

and there's a nervous feeling that i never want to kill  
absolutely still

i'll go anywhere you want tonight  
cuz my head is spinning like a satellite  
i got a restless feeling that i never want to fill  
i'm absolutely still
