You walked in and hit me
With a stun gun to the chest
I hope I can move pretty soon
Cuz you're giving me that look
Like "What's wrong?"
What's wrong?

I'm trying to hold back just enough
Invite you in but then keep you waiting
Til I can sort out just what to say
Careful not to give it away

You're waiting for my next move
If you only knew that I don't have one
Cuz it's give and take
It's a game
And I think it's your turn
Or is it mine?
Is it mine?

I'm trying to hold back just enough
Invite you in but then keep you waiting
Til I get a clue that I'm doing okay
Careful not to scare you

I'm a little nervous
I don't want to ruin this
I'm a little nervous
I don't want to ruin this
I'm a little nervous
I don't wanna ruin this
I'm a little nervous
I don't wanna ruin this
I'm a little nervous
But it's not such a bad thing

I'm trying to hold back just enough
Invite you in but then hesitate
I wish I could say just what I mean
But I'm careful not to scare you
I'm trying to but it's not really working
Trying to hold back

Careful not to scare you
Careful not to give it away
