it's like everybody's laughing  
everybody's laughing  
but i don't get the joke  
no i don't get the joke

i mean what i am saying  
this isn't me playing  
i don't get the joke  
someone tell me the joke

well you know what they say..you know what they say  
that it's better to have loved and lost...i know  
but i don't think i can stay...don't think i can stay  
don't think i can stay around for long now

it's like everybody's coughing  
everybody's coughing  
and i want them to choke  
i want them to choke

no i'm not a funny comic  
just a little heartsick  
don't know how to cope  
don't know how to joke

well you know what they say..you know what they say  
that it's better to have loved and lost...i know  
but i don't think i can stay...don't think i can stay  
don't think i can stay around for long now

every word you said...repeating through my head

it's like we never connected  
and now the only way out of here is alone
