she smiles as she dreams
the kids are fast asleep
on the surface there is peace

but i've got a wandering eye
i fall in love once every night
i've gotten used to telling lies
it's just like juggling knives

you're all i have
all i have
i'll risk it all
just to feel alive again

i'm walking on a wire
just to feel inspired
but it's a long way down
so i never look

you're all i have
all i have
i'll risk it all
just to feel alive again
i'll break your trust
i'll crush your heart
i'll burn your soul
just to feel alive again

so get away from me
while you can
while you can

let me go
let me go
let me go
go go go

you're all i have
all i have
i'll risk it all
just to feel alive again

i'll break your trust
i'll crush your heart
i'll burn your soul
just to feel alive again

just to feel alive again
