"Last Day"

this is my goodbye
my resignation
there is no need to reply

these fluorescent lights
this digital headache
it takes its toll over time

each day i stare at the door
well, not one day more

cuz i am leaving...leaving
i'm getting out
cuz there is nothing here worth saving
if i stay i'm taking everyone out

i've forgotten my worth
i've forgotten just how much this hurts
doing something you hate
day after day
the poison starts to take

i've got so much to share
but i can't do it here

cuz i am leaving...leaving
i'm getting out
cuz there is nothing here worth saving
if i stay i'm taking everyone out

breathing...i have trouble breathing
i have trouble breathing in this place
everyday is neverending
when you're pretending
when you keep bending
when do you break?

i am leaving...leaving
i'm getting out
cuz there is nothing here worth saving
if i stay i'm taking everyone out

if i stay i'm taking everyone out
if i stay i'm taking everyone out

i am leaving...leaving...leaving now
