the darkest cloud hangs above  
and the smoke and ash is covering us  
but don't you dare give up  
i'm holding you up  
i'm holding you up

now is no time... to lose your nerve and change your  
mind  
now is no time... so keep your tears inside your eyes  
now is no time... to second guess or compromise  
now is no time... to say goodnight, don't say goodnight

only you can know you  
the rest of them are digging for gold  
and i know this war is killing your hope  
but they haven't won  
no, they haven't won

now is no time... to lose your nerve and change your  
mind  
now is no time... so keep your tears inside your eyes  
now is no time... to second guess or compromise  
now is no time... to say goodnight, don't say goodnight

don't say goodnight, don't say goodnight
