Don't be here  
Just get out  
The busy body idiots always have to ruin it  
Don't be here  
It's not your place  
Everybody wants to see what's behind a mystery  
Look at how the rumors fly  
Attract a crowd like bugs to light  
This used to be our retreat  
How easily they took it  
Privacy attracts a crowd  
People want to go where they're not allowed  
Privacy attracts a crowd  
Well, do us a favor and get out  
Everybody wants to see  
What's behind the mystery  
Don't be here  
Just get out  
The busy body idiots always have to ruin it  
Look at how the rumors fly  
Attract a crowd like bugs to light  
This used to be our retreat  
How easily they took it  
Privacy attracts a crowd  
People want to go where they're not allowed  
Privacy attracts a crowd  
Well, do us a favor  
You people came and ruined a good thing  
You people came out of nowhere  
You people came and ruined a good thing  
You people came out of nowhere  
Privacy attracts a crowd  
People want to go where they're not allowed  
Privacy attracts a crowd  
People want to go where they're not allowed  
Privacy attracts a crowd  
Well, do us a favor...
