No more secrets here
Let's make it crystal clear
Just tell me yes or no
That's all I want to know
You're supposed to be my friend
Don't lie to me
Just turn and walk away
I could punch your fucking face
You took it way way way too far
You're not who I thought you are
Tell me it's a joke
Tell me you're kidding
'Cause I believed in you
But now you have a lot to prove
You're supposed to be my friend
Don't lie to me
Just turn and walk away
I could punch your fucking face
You took it way way way too far
You're not who I thought you...
If I don't know you (If I don't know you)
Then I don't know anyone
If I don't know you (If I don't know you)
Then I don't know anyone
Shock!
Think carefully
Before you speak
Think carefully
Before you speak...
You've got one chance to come clean
One more chance to come clean
You've got one chance to come clean
One more chance and then I'm leaving
