[Chorus:]

If you should ever be lonely  
Think of the times  
Think of the moments we share  
If you should ever be lonely  
Think of the times  
Think of the moments we share

I've been thinking about the way  
You haven't treated me right  
Me right  
I've been dreaming about you baby  
I can see you tonight, tonight  
Cuz you know how I feel  
Inside my heart  
We shouldn't be apart  
And I wonder what's running  
Inside your mind  
You started to make me cry

(Chorus)

You came back to me  
Baby  
Cuz you're not good at lies  
At lies, yeah  
I can see through you baby  
See through you right  
Through your eyes, your eyes  
Cuz we know how  
We make each other feel  
You shouldn't be alone  
So why don't you call me, baby  
Pick up the telephone  
I thought about it baby  
All the moments sometimes  
I stayed awake at night  
Up on the telephone lines  
I tried so hard to fight you  
Didn't know what I could do  
Going out with other girls  
Do you think that I'm a fool?

I guess that you  
Should have listened  
When your mama would say  
You don't know what you got  
Until it is taken away  
I've given you every chance  
To be my one and only  
You better call someone else  
If you should ever  
Have to be lonely  
There's been so many times  
You've done me wrong  
And I've forgiven you  
So why don't you come on baby  
You know I can see it's true

(Chorus)
