Peter and Lou would skate  
On winter's frozen lake  
Circling around all their friends  
Laughing wherever they went.

They're catching the mornin' plane  
And sendin' the rest by train,  
Hangin' their skates on the wall  
Takin' their turn and that's all

With brushes & canvas & macrome handcrafts &  
Bessie Smith singin' the blues...  
A chorus for Peter & Lou.

Now loneliness has a way  
Of hangin' around all day  
I'm standing alone on the ice  
I'm wonderin' if maybe they've been right

So I'll catch the mornin' plane  
Send all the rest by train  
Leavin' the ice there to thaw  
I'm takin' my turn and that's all.

And if I should miss them, I'll go back & listen to Bessie  
Smith singin' the blues  
In a chorus for Peter & Lou

Oh, if I should miss them, I'll go back & listen to Bessie  
Smith singin' the blues  
In a chorus for Peter & Lou
