Feel like you're torn apart  
Man, I hope they give you a second start  
You always try to do what's smart  
Now you better follow your heart

Chorus:

You're runnin' on luck again  
You're never gonna find the answer  
'Cause you're runnin' on luck again  
Keep holdin' on 'till the end  
You're runnin' on luck again  
Keep holdin' on, holding on 'till the end

Ooh sometimes you can't pretend  
You feel like you really can't find a friend  
Well you try, you try  
You get back up and do it again

(Chorus)

Holdin' on 'till the end, oh keep runnin'
