By Take That

Put your head against my life  
What do you hear  
A million words just trying to make  
The love song of the year  
Close your eyes but don't forget  
What you have heard  
A man who's trying to say three words  
The words that make me scared

A million love songs later  
And here I am trying to tell you that I care  
A million love songs later  
And here I am

Looking to the future now  
This is what I see  
A million chances pass me by  
A million chances to hold you  
Take me back, take me back  
To where I used to be  
To hide away from all my truth  
Through the light I see

A million love songs later  
And here I am trying to tell you that I care  
A million love songs later  
And here I am
