Consequence, the career killer, the career killer,
Cause the career killer!
Who started this career with the... ?
And then it reappeared this year and even's premier
thriller.
For real, attentions to break a point,
Things you gotta do just to make a point,
While them fools couldn't just take their point!
Alone with the... damn!
It wasn't wise in front of me
What is done is done and the past is the past
Put these too many single ladies like...
So maybe chasing cash or chasing drugs
I guess I'm... myself, made a pause
Cause it's like... I see this room full of... and package
rhymes,
But all approved, was... a waste of time
And now they label me as the mastermind
Of a campaign of terror that had to be seen,
So we... rap together, the one who... stands in my way
The all... and gone is a brand new day, oh!

Chorus:

Murdered him consequence,
Murdered him consequence
I'm the real killer, watch me murder him!
Murdered him consequence,
Murdered him consequence
I'm the real killer, watch me murder him!

Imagine that we're cocaine thrown up from the sky,
What's the... limit for when you're calling a lie?
Just act ecstatic, can't deny what I do,
I knew was watching the... I raised hell at the crib!
So the... left you in danger, sort of like the kid who took
advice from a stranger!
Cause I assassinated JFK and now the world knows...
So who need the crew... I'm sort of like... when the
pictures see throw.
I put my... in a dark fantasy, but everything in a
challenge...

See, once I walked the way from that family tree
It started to look more like vanity
Vanity and any other girl who... to see
This joy right here is pure insanity
... for Fox News, did somebody forgot about the black
rules?
... that's why people spill like...

Chorus:

Murdered him consequence,
Murdered him consequence
I'm the real killer, watch me murder him!
Murdered him consequence,
Murdered him consequence
I'm the real killer, watch me murder him!

Yeah, this... gonna say to me
Yeah, we gonna watch you kill yourself!
Why? Cause you couldn't do it? ...
As a matter of fact this is just...
When you need another dose of your flow...
I'm your pusher!

Chorus:

Murdered him consequence,
Murdered him consequence
I'm the real killer, watch me murder him!
Murdered him consequence,
Murdered him consequence
I'm the real killer, watch me murder him!
