Maybe you see me on a video
Or you heard me on the radio
You tried to tell me but damn I wouldn't listen
Yeah you tried to tell me but man I wouldn't listen
Damn I should have listen
What would you do if it was you about the mission
Maybe you see me on a video
Or you heard me on the radio
Damn I should have listen

What makes you think you are any better than the rest?
... they try to stick you up for the chain on your neck
Even if they did man there is no disrespect
Is the rules of engagement you just got engaged
Try to read right just read before they turn the page
But that's when they turn a name
Shit you better learn the game
I mean what you thought will happen when you finally
had...
The same boy you turn for back up
Is mad as hell when he sees you hold your... up
To get the... now you wanna act damn
To tell a friend who tell a friend to tell a friend
If this is the... and it doesn't matter if it's true or...
Consequences when they say that you're high

Chorus

You tried to tell me but damn I wouldn't listen
Yeah you tried to tell me but man I wouldn't listen
Damn I should have listen
What would you do if it was you about the mission
Maybe you see me on the videos
Or you heard me on the radio
Damn I should have listen

Same old movie being re-acting
See me on that bench... now they wanna...
But before they would have backed them
Now they are screaming let me at them
Maybe you see me on a video
Or you heard me on the radio

Damn I should have listen
Now they are coming at me crazy yo
That's why they took the mad yo
... even though you told him to take it slow
... put a suit on me like... but I am like...
When you put me in the corner...
So whatever is true or not live the consequences
When they say you are hot
You tried to tell me but damn I wouldn't listen
Yeah you tried to tell me but man I wouldn't listen
Damn I should have listen
What would you do if it was you about the mission
Maybe you see me on a video
Or you heard me on the radio
Damn I should have listen
Damn I should have listen

Everybody told me told me told me

Damn I should have listen

Everybody told me told me told me

Damn I should have listen
