Maybe I'm at fault for feeling this way since the day you
came
pretending to be in a dream I've christened in your
name
so desperate to be noticed my passion running wild
inside
wanting you adoring you skin to skin and side to side

so near you yet I'm invisible so flawless sweet and
beautiful
I'm captivated by your charm a misleading smile meant
to disarm

Finding a way now to be heard- before you lash out all
your violent words
I'm blinded you're my only concern- a line of
heartbreak now's my turn

If you'd look a little closer maybe you would notice me
It's pointless dreaming of you my heart's burning
fourth degree
This is desire flaming red I think of you alone in bed
Day in day out you are inside this heartshaped box I run
and hide

Postmarked to sender returned as your picture slowly
burns
I try to pretend that it's alright your voice wakes me up
at night

You're a wish I never had it'll take a lifetime to
understand
Why I don't deserve a chance to prove I worship your
every move

That line dividing won't be blurred and still you lash out
all your violent words
I'm blinded I'm none of your concern in this game of
heartache I'll never learn
I'll never learn...
