As the night comes down
Darkness slowly descends
I am lost and alone again
Now that you've gone.

As the shadows fall
There's no place to hide
From the pain I feel inside
Now that you've gone
Every thought of you, every memory
Is a ghost that is haunting me.
Now that you've gone.

Now that you've gone
How can I go on?
I can't believe, this could happen to me
Now that you've gone
I've got to find a way
I need to know life goes on
Now that you've gone.

There's a heavy cloud
Hanging over me
It's a part of the legacy
Now that you've gone
Everything I do
Seems to make no sense
And I'm losing all my confidence
Now that you've gone.

Now that you've gone
How can I go on?
I can't believe, this could happen to me
Now that you've gone
I've got to find a way
I need to know life goes on
Now that you've gone.

I'm just a shadow of the man I used to be
Before you turned me inside out
Your love was all that ever meant a thing to me

It's something I can't live without

Now that you've gone

How can I gon on?

I can't believe, this could happen to me

Now that you've gone

I've got to find a way

I need to know life goes

Now that you've gone.
