Come into my playground
No one else can see
Baby let me show you...

Come into my playground, playground, playground...

So you say you wanna feel my love
That you think about it so much
The thought just makes you high
So you say you're gonna give it up
If you wanna taste my love
Better know what I want

And if you wanna get the best of me baby
You got to start playing by the rules...

[Chorus:]

Come into my playground
No one else can see
Baby let me show you
How it could be
So join me baby close your eyes
Step into my playground
Where everything's alright

Say you wanna be in love with me baby
Say you wanna be down with me baby
Fantasize about what I'm gonna do
For you, for you, for you
Gonna take you to my private world baby
Gonna show you where the keys are hidden baby
Fantasize about what I'm gonna do
For you, for you, for you

Now you tell me everything is cool
That there's no me without you
Well that's just not enough
Need a guy that's gonna prove
Understands what he's gotta do
And better know what I want

And if you wanna get the best of me baby

Gotta start playing by the rules...

[Chorus:]

Come into my playground
No one else can see
Baby let me show you

How it could be
So join me baby close your eyes
Step into my playground
Where everything's alright

Come into my playground
No one else can see
Baby let me show you
How it could be
So join me baby close your eyes
Step into my playground
Where everything's alright

Say you wanna be in love with me baby
Say you wanna be down with me baby
Fantasize about what I'm gonna do
For you, for you, for you
Gonna take you to my private world baby

No one else can see
Baby let me show you
How it could be

Where everything's alive
