Two faced drama rebellion
Are you the Joker, King or Queen?
Place your cards as they're coming
Came to win
Lost everything
Gambling rider pull the strings
Pull them tighter

Let them in
Come and play another day
Throw your mask away
I don't care what you say
Cause your lovely words decay
Come and play another day
Welcome to the anteroom of death

Hide your conspiracies so
Who's got the keys
And who has not?
Sell your fortune to me
Cause I can still read behind all that
Burn your fingers
Trade a dream

Watch the clock as it's ticking

Come and play another day
Throw your mask away
I don't care what you say
Cause your lovely words decay
Come and play another day
Welcome to the anteroom of death

Blinded in the dark
I'm touching the scars of tainted hearts
If you're searching
Learn to see
Honesty is all you need
Take a bow
Finally

Come and play another day
Throw your mask away
I don't care what you say
Cause your lovely words decay
Come and play another day
Welcome to the anteroom of death
