I've got my will, I've got my heart
Even though I can't tell her right now
I could not stand if I failed
I could not stand if I lost her somehow
I found the book of silence
So keen what it would show
I read the book of silence
How was I supposed to know
My voice would fall asleep and
Rest until this curse is banned and gone?

[Chorus:]
You hear my call
Wide and tall
Yes, single word
I'm hunting high
Hunting low
I am everywhere
My voice is there
Fills the air
My voice can be heard

I try to open my mind
He doesn't talk, still I'm blind
I try to free all the meanings unknown
I want her to look inside
I cannot see in darkest nights
Until my soul's freed and secrets unfold
I found the book of silence
So keen what it would show
I read the book of silence
How was I supposed to know
My voice would fall asleep and
Never wake again?
To surrender is not
What I learned
I'll fight 'gainst this curse 'til it's gone

I'm riding
Still I'm flying
Everywhere that I can be
I'm trying, believing

My voice will speak again for me

I don't want to speak
I don't want to talk
On every other day
There are million miles to walk
I've got nothing to tell
I've got nothing to say
Alone I fade away
