You don't know who you are  
You go to the beach you rent a car  
You stay in bed the whole day, when you have lunch  
with me again  
You don't know how far you'll get

You are out of your head  
You are out of your head  
You are out of everything again  
'Cos you are out  
Of your head

You can't stay home and nowhere to go  
Your streets are closed, no one here roams  
You take it back again  
Back to the time when it all ended  
You once came and run away

You are out of your head  
You are out of your head  
You are out of everything again  
'Cos you are out  
Of your head
