I..ve been walking through this town tonight  
She stood there looked me in the eye  
She..s standing near a traffic light  
She says hey boy, come along with me

Chorus

I used to think I knew it all but I know a little  
(He knows a little)  
She..s gonna roll the dice with me but I know a little  
(He knows a little)  
She..s gonna teach me how to play cause I know a little  
(He knows a little)  
C..mon baby bring it on tonight cuz I know a little  
(He knows a little) ..bout love

She takes me to a motel room  
Within four walls she tells me how  
How to act and what to say and do  
C..mon get it wet babe, I..m almost burning now

Chorus

I used to think I knew it all but I know a little  
(He knows a little)  
She..s gonna roll the dice with me but I know a little  
(He knows a little)  
She..s gonna teach me how to play cause I know a little  
(He knows a little)  
C..mon baby bring it on tonight cuz I know a little  
(He knows a little) ..bout love

Solo

Chorus

I used to think I knew it all but I know a little  
(He knows a little)  
She..s gonna roll the dice with me but I know a little  
(He knows a little)  
She..s gonna teach me how to play cause I know a little  
(He knows a little)  
C..mon baby bring it on tonight cuz I know a little  
(He knows a little) ..bout love
